

RESOLUTION NO. 170387

Directing the City Manager to work with the Board of Parks and Recreation to develop a safety plan.

WHEREAS, the Council has grown concerned about the safety and accessibility of the City's parks and trail systems; and

WHEREAS, to address its concerns, the Council desires that the City Manager work with the Board of Parks and Recreation and other interested parties to develop a safety plan to ensure the safety and accessibility of the City's parks and trail systems; NOW, THEREFORE,

BE IT RESOLVED BY THE COUNCIL OF KANSAS CITY:

That the Council directs the City Manager to work with the Board of Parks and Recreation and other interested parties and community leaders to develop a safety plan that will address and help ensure the safety of, and accessibility for, all citizens in the City's parks and trail systems. That the Council further directs the City Manager to provide monthly updates to the Council regarding the progress made in developing the safety plan and to report back to the Council within six months of the adoption of this Resolution with the final safety plan that has been developed for use.
